REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Easton:

During 1981, the Board held 60 public meetings. In addition to the Annual Town Meeting, Special Town Meetings were held in February and September.

Major emphasis of the year was on budgeting and meeting the restrictions of 2½. A poll taken at the February town meeting indicated that those responding felt Fire and Police services should be given the highest priority and rubbish collection, Board of Health agent and Public Works the least emphasis.

With the help of the School and Finance Committees we were able to absorb budget cuts. Cutbacks in streetlighting and road construction create the most visible impact 2½ has had on the community. Increases in water rates and other fees helped to provide revenues needed to keep affected services intact and provide funding for upgrading our Water delivery system.

After nine years with the Board, Chairman Donald Anderson decided not to seek re-election. Easton can be thankful for the services of people like Don Anderson. Leo Harlow was elected to the Board at the annual elections, Richard Martin was elected Chairman and Lawrence Douglas Clerk of the Board.

As licensing authority for the town, the Board considered and approved a number of licenses including alcoholic beverage, auctioneers, auto dealerships and common victualers. The Board also reviewed all appointments of Town personnel and made a number of appointments to town boards and committees. Five new advisory committees were appointed during the year. The Charter Advisory Committee, the Personnel Advisory Committee, the School Reuse Committee, the Traffic Advisory Committee and the Public Safety Facilities Committee have all met actively and we are grateful for their assistance.

In addition to reviewing and presenting the budget at the Annual Town Meeting the Board, working with Dept. heads and our Auditors, established a policy direction and objectives to improve effectiveness and efficiency of services.

In an effort to extend the use of the landfill the Board amended those regulations. The Board adopted an Affirmative Action Plan and an Areawide Housing Opportunity Program necessary to maintain certain state and federal funding for submission to those authorities. Our 1939 Parking regulations were updated to allow more equitable use of the public road system.

Easton is blessed with many dedicated and talented people serving the community. The Board of Selectmen and the community have been served well by these citizens.

Respectfully submitted,

BOARD OF SELECTMEN

REPORT OF THE TOWN ADMINISTRATOR

I am pleased to submit my third annual report to the citizens of Easton since becoming Town Administrator in 1979.

As the first year of Proposition 2½, 1981 saw the Town confronted with a major financial challenge. With the cooperation of all town departments and the participation and understanding of our residents, we weathered the storm better than most other municipalities. Despite double-digit inflation, more than one million dollars was trimmed from the school and municipal budgets. Although there were significant cuts in school programs and in Public Works and streetlighting accounts, there were also new economics in virtually every department. As a result, when State aid was increased by one million dollars, we were able to save most of this amount for next year. In fact, Easton broke new ground by using a procedure for returning these funds to surplus in a way that was subsequently followed by many other towns.

In addition to belt-tightening on expenditures, major improvements were made in projecting revenues as well, and we hope to make greater use of computers next year to refine our budgeting procedures further. We expect to continue the practice of sending each taxpayer a summary of the town budget with the fall tax bill.

While budgets and finances were the prime focus for the year, some important changes took place in our personnel system also. I worked closely with the Personnel Advisory Committee to revise the town's personnel by-laws which will be submitted to Town Meeting. In the summer, six training sessions were held with supervisory employees on the subject of performance evaluation. A new system was developed and begun for setting objectives and evaluating the performance of department heads, and it is hoped that within a few years this practice will include all employees.

My personnel responsibilities also included the hiring of a number of new employees, collective bargaining with four unions, and handling grievances and other union appeals.

My assistant, Maria White, also worked closely with the Personnel Advisory Committee. She drafted an Affirmative Action plan which was submitted to State authorities as a requirement for many grant programs. In addition to her Veterans' Agent duties, Maria also received and administered a grant for a litter cleanup program and provided staff assistance to the School Reuse Committee.

As Town Administrator, the greatest portion of my time is spent carrying out the policies established by the Selectmen. This involves not only responding to all correspondence and resident calls, but also working closely with department heads on various programs. During 1981, I attended all but one of the sixty Selectmen's meetings. In addition, I averaged two meetings a month with other town boards and committees.

A great deal was accomplished during 1981, but it would not have been possible without the patience and support of the Selectmen, the hard work of a dedicated group of town employees, and the understanding and assistance of the residents of the town.

Respectfully submitted,

Richard T. Howe
Town Administrator

REPORT OF THE SUPERINTENDENT

To the Easton School Committee:

As Superintendent of Schools, I hereby submit this, my first report and the ninety-sixth in a series since the Town authorized a Superintendent of Schools. This will be an unusual report, as basically it is a six months report with reflections to the first half of the year.

School Enrollments:

You will see the chart which indicates the total school enrollment. There has been some decrease. However, there has been an increase in students at th secondary level. Reflecting the type of housing that is being constructed in the Town of Easton, we are attracting many secondary students. The number of Easton children enrolled in outside schools has risen. This may be due to fiscal restraints within the Commonwealth. The school department closed the Unionville Building, Eastondale School, Furnace Village School, and informed the Frothingham Associates that we would not need the use of Frothingham Hall. All this was made possible with the opening of Moreau Hall Elementary School in September of 1981.

Administration:

During the first part of 1981, under the leadership of John Farrington, Superintendent of Schools, a budget with a reduction of $1,005,913 was put into place for the 1981-82 school year. It was well thought out and attempted to meet the needs of the Town of Easton without crippling a fine educational system. Also, the reopening administrative work connected with Moreau Hall was completed by John Farrington and George Cross, who then was Director of Elementary Education.

On July 1 it was my privilege to begin full time as Superintendent of Schools in the Town of Easton, and hope to carry on the fine traditions of quality education.

Elementary:

The elementary curriculum was further developed by the adoption of a science program which will be studied and reviewed continually in an attempt to meet the needs of the students of Easton. The Sheep Pasture program, a joint effort of the Natural Resources Trust and the Easton school department, continued to be integrated into the science and outdoor life program. This is probably one of the most innovative programs in the Commonwealth and one in which we should all have much pride. All of the elementary principals worked together to assist Sarah Gallahue in coordinating the opening of Moreau Hall as she assumed the duties of the principal of the new building.

Secondary:

The configuration of the secondary level of the system changed in September, when the Junior High School housed students of the seventh, eighth, and ninth grades. This combined enrollment was the largest ever to be housed in the Easton Junior High School. The staff, under the able leadership of John Walsh, Principal, continued under extremely difficult conditions to develop a sound and viable program.

Oliver Ames High School graduation requirements will have a new look as the School Committe approved an increase in requirements for graduation to 120 credits. This will encourage students to take more courses and eventually cut down on the number of study halls. It also guarantees that every student will have a more varied program, as the graduation requirements include two years of science, two years of mathematics, three years of social studies, four years of English, one year of business education, and one year of practical arts in addition to physical education. This was done with the direct involvement of the department heads and Duncan Oliver, Principal of Oliver Ames High School.

Last spring the Chamber Orchestra brought back a piece of the gold from Canada for their experiences at Montreal. Other student achievements included statewide prizes in the Massachusetts Technical Drawing Teachers' Association drafting examination, including five of the top ten scores and first place; eight commended scholars in the National Merit Scholarship program and a finalist in the National Merit Scholarship Corporation's National Achievement Scholarship Program for Outstanding Negro Students; two winners of gold keys in the Boston Globe Art Show; several students chosen for the All-State Orchestra and Chorus; awards in the state science fair; league champions in the three sports; and a state medal winner in track competition. All of this brings recognition to the Town of Easton and to Oliver Ames High School.

Special Needs:

The highlight of the year was the Compliance Review completed by the Massachusetts Department of Education, evaluating the Easton special needs program. Of the many potential problem areas in such a compliance report, Easton was in compliance with all of them and found to be exemplary in many areas. This truly was an outstanding report nad one for which William Simmons, Director of Special Services, deserves a great deal of credit for his organizational and administrative abilities.

General:

As a new incoming Superintendent, a needs assessment was initiated and was completed prior to July 1. This indicated certain strengths and weaknesses of Easton's educational program. Ten areas of concentration were presented to the School Committee and adopted for goals over the next few years. This was a major step forward as it identified some tasks that were expected to be accomplished by this administration.

A Curriculum Coordinating Council, under the leadership of Andrew Miller, Assistant Superintendent of Schools, has been set up to review and study all existing curricula and all new curriculum proposals before their recommendation for approval or disapproval to the administration or School Committee. This Council is made up of teachers, administrators, and parents. As part of its deliberations, the Council developed a Philosophy of Education for the Town of Easton which received unanimous support from the Easton School Committee.

The Menu Committee has been active throughout the year to set up elementary and secondary menus in an attempt to evaluate and improve the Food Service program. This committee is made up primarily of parents and students.

The Reading Task Force is currently developing a Philosophy of Reading for the Easton Public Schools and should have it ready in the near future for approval by the staff and School Committee. This philosophy will reflect the needs and expectations of the students of Easton in the area of reading.

Parent Advisory Councils have been active during the school year and have formed a communication link between the administration and the public. A districtwide Parent Advisory Council has been established and meets on a regular basis with the Superintendent of Schools to discuss concerns, innovations and direction. The *Easton School News*, a publication of the school department under the leadership of Francis Garcea, has been published twice to get the message to the public on the quality of programs and what's happening in the schools. An ongoing Communications Committee has been studying methods of improving our total communication organization. This committee is made up of professionals and parents.

Closing Comments:

Despite all the turmoil and fiscal restraints, the morale of the staff has been positive, the input from the community has been forthright, and everyone has banded together to continue a sound educational program for the Town of Easton. The total effect of the recent legislation will not be known for some time. Losign staff and cutting back programs does not help. It hurts. Are we crippled? Yes. Will we walk again? Yes. We have too much pride, thanks to the community support, to quit now.

On behalf of myself and my wife, Barbara, I thank the people of Easton for the welcome they have given us.

Respectfully submitted,

George P. Lane, Ed. D.
Superintendent of Schools

REPORT OF THE SCHOOL COMMITTEE

The Easton School Committee submits the following report for 1981.

During the year we have watched some of our personnel retire. They are listed below, and we are grateful for the association we have had with them.

A. Louise Styren, Secretary at Parkview School (17 years)
Priscilla Leighton, Kindergarten Teacher (26 years)
Ellen Owen, Secretary at Oliver Ames High School (16 years)
Eileen V. Laporte, Reading Teacher (18 years)
Avis J. Campbell, Cafeteria Manager (20 years)
Marjorie L. Cushing, Cafeteria Worker (20 years)
Evelyn Hilmer, Cafeteria Worker (17 years)
John F. Bell, Sr., Custodian (15 years)
William G. Hatchfield, Custodian (17 years)
Gerard L. McGranachan, Custodian (16 years)
Peter Kalium, Custodian (14 years)

Joseph F. Scowcroft, Jr. was elected Chairman after the April election and Richard E. Hall and Robert Nisenbaum were reelected to serve at the discretion of the Town. On October 27, 1981, Mr. Scowcroft resigned as Chairman and Donald E. Anderson was appointed by the Selectmen and the School Committee to fill the unexpired term to serve until April 1982. The School Committee reorganized on December 7, 1981, and William J. Gloekler was elected Chairman of the School Committee until the next election.

Fiscal restraint highlighted 1981. With a budget reduction of over a million dollars, the School Committee attempted to maintain the high level of education for the Town of Easton. This was accomplished and we feel at this time we will meet the demands of the imposed budget for the remainder of the fiscal year.

John T. Farrington, Superintendent of Schools, retired effective June 30, 1981, and as a result of a comprehensive process for selecting a superintendent of schools George P. Lane, Ed. D., was appointed as Superintendent beginning July 1, 1981. The Committee would like to express thanks to Andrew Miller, Jr., who served as Acting Superintendent until the end of June, and to all those people who were directly involved with the selection process.

Some of the highlights of the year have been:

1. The needs assessment completed by the incoming Superintendent as a basis for future selection of goals and objectives for the Easton School Committee.

2. Approval of the Philosophy of Education for the Town of Easton, endorsed unanimously by the staff, parents, and administration.

3. The Committee's review of its own goals and objectives and development of a tool for evaluation.

4. The occupancy and development of the program at Moreau Hall.

5. The performance of our staff and students during this past year.

We are deeply indebted to the various Town departments: Police, Fire, Department of Public Works, and Town Hall for their willingness to cooperate and help us perform our responsibilities. We also want to thank the staff and administration for their dedication during an extremely difficult year. We deeply appreciate the support of the taxpayers and citizens of the Town of Easton.

Respectfully submitted,

William J. Gloekler, Chairman
Donald E. Anderson
Richard E. Hall
Robert Nisenbaum
Constance M. Pozzo

REPORT OF THE FINANCE COMMITTEE

To the Citizens of Easton:

This year as in the past the Easton Finance Committee has been challenged by the demanding financial needs and problems of this rapidly growing community. During the first year of implementation of Proposition 2½ we investigated many municipal expenses that are important in overall budgetary considerations. A few of these items included: gasoline inventory controls, snow plowing, costs of boarding up unused school buildings, collective bargaining, and employment of outside contractors and consultants. In addition we have carefully reviewed all Reserve Fund Transfer Requests to assure proper administration of the fund.

Members of the Finance Committee again visited with many Department Heads to discuss and try to better understand their budget requests. We appreciate their assistance and make our recommendations to the voters based on what we feel is in the best interest of the town.

We are pleased that at long last a personnel advisory committee has been selected to help establish standardize and update job descriptions and personnel policies within the town. It is an idea this committee has advocated for some time.

This year the Finance Committee is recommending a Petition Article for consideration which we feel will help all voters at future town meetings better evaluate some important and/or unusual line items. By providing a more detailed breakdown you will know more about some of the budget requests that may otherwise be consolidated within the categories of general salary or expense. We strongly feel the voters should be more informed.

As an elected body the fifteen-member Finance Committee represents you, the people. We welcome your ideas, suggestions, complaints and participation.

WATER RESOURCE ADVISORY COMMISSION

To the Citizens of Easton:

The Water Resource Advisory Commission is pleased to submit this annual report.

The purpose of the Commission is to advise the Board of Selectmen concerning matters of water quantity and quality. Towards that end, the Commission has established a list of priorities which it feels necessary to ensure an adequate supply of water for the present and the future. Working in conjunction with the Water Division, these priorities are:

1. To initiate a program of testing of all municipal wells for possible contamination.

2. To protect the Town wells by installing security systems at each station.

3. To meet with adjoining Towns and regional agencies to discuss concerns regarding future water resources.

4. To determine the cone of depression and radius of influence of each Town well for the purpose of protecting the aquifers.

5. To acquire land through the Board of Selectmen and develop zoning through the Planning Board in order to protect the aquifers.

6. To inventory and investigate posssible future well sites.

7. To maintain close liaison with the Planning Board and other Town boards regarding future development and its impact on our present and future water supply.

All these priorities have been instituted and are either completed or ongoing.

The Commission has worked in close unison with Mr. Wayne Southworth, the Superintendent of the Water Division, and extends its appreciation to him for his advice, cooperation and support.

We also thank Mrs. Dorothy Stone, Mr. Carl Hillstrom and Mr. Walter Davis for their help in the many tasks we were confronted with.

The Commission is pleased to report that during these drought-stricken times, Easton has had an adequate supply of water. The Citizens cooperated in our conservation efforts during this past summer.

In closing, our future efforts will be directed to exploring new well sites, encouraging conservation and advising the Board of Selectmen and Planning Board concerning our water supply as it relates to planned growth.

Respectfully submitted,

David Woodhouse, Chairman
Michael O'Loughlin, Vice-Chairman
Clifford Grant, Clerk

REPORT OF THE WATER DIVISION

To the Honorable Board of Selectmen:

I respectfully submit the following report and pumping record for the year 1981.

Month	Gallons Pumped	Month	Gallons Pumped
January	49,112,300	July	49,973,200
February	44,314,200	August	52,267,500
March	48,822,500	September	45,801,000
April	42,316,000	October	42,749,800
May	48,700,500	November	39,571,200
June	49,060,500	December	40,771,700

Total Gallons Pumped — 1981 — 553,460,400.

The greatest amount of water pumped in one week was during the week of August 2, when 13,435,000 gallons were pumped.

The greatest amount pumped in one day was 2,332,000 gallons on May 25th.

The Water Division responded to 2,202 service and emergency calls.

Connected 109 new services for a total of 4,191 active services.
Renewed 6 water services.
Dug up and repaired 44 service leaks.
Thawed 48 frozen water services.
Dug up and replaced 10 in-line gate valves.
Replaced 27 hydrants. (5 hit by vehicles)
Repaired 16 broken water mains.

1 — 1"	3 — 6"
1 — 1½"	8 — 8"
2 — 2"	1 — 12"

In 1981 new subdivisions added to our system:

600' of 6" water main
6,900' of 8" water main
1,600' of 12" water main
19 new fire hydrants

This has been a very productive year for the water division. We were able to accomplish many of our objectives by instituting new preventive maintenance programs and developing better record keeping techniques.

The division installed 2,000 feet of 12" ducticle iron pipe to our new well site on Red Mill Road which is presently under construction.

The computerization of our water billing system has been completed.

Plans are being prepared by our Engineering Department for the extension of the 12" water main on Route #138 and the construction of a new storage tank in Unionville.

Alarm systems were installed at all 4 pumping stations.

I would like to extend my appreciation to the town's residents for their awareness and continued support:

1. Responding well to the voluntary ban on outside watering this summer, reducing consumption and enabling us to get through the summer months without any serious problems.

2. Passing the new Zoning Regulations at the last Town Meeting establishing the ground water protection districts around our wells.

3. Supporting our warrant articles for rehabilitation of our water system.

The cooperation of the entire community is essential to us in planning for our future water needs.

Our prime objectives are to rehabilitate our aging system and to locate and protect our water resources for future generations.

I would like to thank all department heads for their cooperation throughout the year and especially my own employees for their extra effort and dedication throughout the year, Dorothy Stone, Carl Hillstrom, Raymond Keyes, Christopher McKenna, Jack Marsh and John Fresh.

Respectfully submitted,

Wayne P. Southworth
Superintendent

REPORT OF THE DIRECTOR OF PUBLIC WORKS

To the Honorable Board of Selectmen:

I respectfully submit the report for the year 1981.

The Division Superintendents have described the activities of their departments in their individual reports.

The Engineering Department has made considerable progress on the closure and adjustment of the town traverse, surveyed and prepared plan of land for new water tank location, established control points for work on Main Street, performed location survey and prepared plan for new water main along Washington Street between Central and Turnpike Streets. It has performed and prepared numerous plan reviews, inspections and reports for the Boards of Selectmen, Health, Conservation and Planning and Zoning, in addition to performing line, grade and location surveys for the Department of Public Works.

The Maintenance Department has done an excellent job of keeping our equipment in operating condition, however with 38% of our equipment over ten years old and 62% over five years old it is a costly, time consuming job.

I thank all of the employees of the Department of Public Works for their cooperation and the Town Administrator for his assistance.

Respectfully submitted,

Walter O. Davis
Director of Public Works

REPORT OF THE HIGHWAY SUPERINTENDENT

To the Honorable Board of Selectmen:

I respectfully submit the following report for the year 1981.

Sheridan Street from Columbus Avenue to Lincoln Street was paved with Type I mix.

Prospect Street from Olde Farm Road to Howard Street and South Street from Foundry Street to Poquanticut Avenue was paved with road mix.

Main Street sidewalk from the Telephone Company building to the Shovel Shop was resurfaced with Type I mix. All of JennyLind Street sidewalk was paved with Type I mix.

Drainage trenches on the following streets were paved with Type I mix: Oliver Street and Main Street, Day Street, Park Street, Allen Road, Chestnut Street, Kennedy Circle, Peterson Road, Depot Street, Purchase Street and Church Street.

Catch basins, culverts and drains were cleaned and repaired as needed.

Throughout the year cover material and site work at the Landfill was done as time would allow, this is a never ending job.

Due to limited help this year the Highway Division and Landfill Division have had to put men with the Building & Grounds Division to help with the mowing and a Heavy Equipment Operator with the Water Division to operate their backhoe.

Roads were swept, crosswalks and center lines painted, guard rails repaired and routine road maintenance was done.

During the winter months roads and sidewalks were sanded and plowed as needed.

I wish to thank all the personnel within the Department of Public Works for their cooperation during the year.

Respectfully submitted,

Fred L. Reynolds
Highway Superintendent

REPORT OF THE
TREE, BUILDING AND GROUNDS SUPERINTENDENT

To the Honorable Board of Selectmen:

I respectfully submit the following report for 1981.

Pruning low and obstructing branches and dead wood was accomplished in various sections of town. Removal of dead and/or dying trees continues and brush along roadsides cut as time permitted. Several guy cables were installed in trees where needed.

Forty (40) trees were planted during May in various areas of town. New trees were watered occasionally. New trees planted the previous years were fertilized to give them additional nutrients.

Gypsy moth continued to be our major insect problem. Budget cuts necessitated the cancellation of the aerial spray scheduled; and all roadsides were done by mist blower. This extended our spraying program and trees were stripped of leaves in some areas leaving little time to spray yards of people that requested same. The State aerial survey showed little stripping; but our egg count is very high. Time will tell!

Poison ivy eradication along roadsides was done in July and for all the residents who requested this service.

Oak leaf tier, lecanium scale and fall web worm were not as numerous as previous years. Aphids continued to be a nuisance and had to be sprayed on several occasions.

Elms were sprayed with Methoxyclor to control elm bark beetle in April. Sampling of suspected elms were taken for Dutch Elm Disease and specimens sent to the Shade Tree Laboratories to be analyzed. Pruning of diseased portions was accomplished if feasable, otherwise diseased elms were removed.

Cemeteries and other public areas were cleaned of debris and mowed in early spring. A growth retardant was applied after the 1st and 2nd mowing to eliminate weekly mowings. A minimum amount of mowing was done for lack of summer help.

A new chamber and burner was installed in the boiler of the Town Office as well as new heating units, insulation and controls in areas affected by the freezup in December 1980. All leaks in the roof and gutters were repaired (new flashing and gutter linings should be scheduled for the near future) prior to painting of outside trim and windows of the Town Office.

Two new floors (1st and 2nd) at Wheaton Farm were put in prior to summer day camp.

A by-pass drain from the back pond was installed; the pool bottom scraped of mud and new sand put in at the town pool. Repairs and painting were done before swimming classes were started. The well pump, chlorine pump and chlorine was monitored daily.

Maintenance and repair was an ongoing thing on buildings, pool, cemeteries and grounds throughout the year.

I wish to thank the Division Heads and their personnel and the personnel from my department for their help and assistance throughout the year.

Respectfully submitted,

Daniel B. Amorim
Tree, Building & Grounds Superintendent

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit the Report of the Easton Fire Department for the year ending December 31, 1981.

Another busy year with increases in losses over the previous year due mainly to rising costs has been experienced by the Fire Department.

We put into service in July our newest Truck, a 1981 Mack Engine 4. Used primarily as a first run truck out of Station 2, it carries most of our rescue equipment including the "Jaws of Life". Two men are assigned to this truck at all times. They have proved invaluable to the Department.

Our equipment is in fair condition. We are working at present on a 1959 International 500 G.P.M. Truck that we had purchased used. The men on the Department have been working and restoring the truck as time allows. Due to increase in calls, training, and inspections, as well as break downs on other equipment, the process is slow. We hope to have it ready in the Spring.

The 1974 Maxim 1000 G.P.M. is now in the process of being refurbished and should be like new when it is back in service.

The 1973 Pick-up Truck and the sign at Station 2 were reconditioned and repainted by the students at the Regional School. We would like to thank them for a job well done.

Our ambulances are both in good condition and are inspected regularly by the state.

We now have 21 of our 24 men certified as E.M.T.'s. All E.M.T.'s must be on a continuing education program and be recertified every two years to keep up with new equipment.

We are continuously receiving compliments from the public for the work of the men of the department whether it be training, firefighting, ambulance work or job performance.

Down the road we see a need for a capital improvement program. Many small pieces of equipment need to be replaced yet would not come under the Capital Budget. Some of the items such as water vacs, smoke ejectors and air paks, as well as radio receivers are old and must be replaced in the very near future. Many of these items in the past have been included with the original equipment on new vehicles but is an effort to hold down the cost. We have deleted these items.

The Fire Alarm System has been extended to various areas of the town at the expense of the developers of the projects involved such as Chestnut Knoll, Springhill, Greenwood Village, Cedar Heights, Long View Estates, Kingsley Road, Randall Farm Estates, Easton Industrial Park, and Children's Scene Day Care Center.

We have budgeted the funds to increase the Secretary's hours from 15 hours to full time. A Department of Twenty-Five (25) Personnel should have a full time secretary.

All property sold after January 1, 1982 must have smoke detectors and inspected by the Fire Department. This is added work for the Department making out forms, certificates, etc., requiring extra work for a secretary.

Many of our men have mechanical skills. This allows us to maintain and refurbish most types of equipment used by our department with a large savings to the town.

The need to relocate Station 3 and have it staffed full time should be one of the town's top priorities.

There is only enough room for the trucks at this station making it impossible for men to be there full time. The increase in population and calls in this area of town, warrants the need for a new station at this time. We have been working with the Committee on Police and Fire Facilities to find adequate land for a station.

All schools, nursing homes, places of assemblies, and businesses were periodically inspected. Although Fire Prevention week is usually celebrated nationally, during the first full week in October, we support a Fire Prevention Program 365 days per year.

We have slide presentations on Fire Prevention geared for all ages. If you wish to have one of the Firefighters speak at a meeting of clubs, etc. you may do so by calling the station.

In closing I would like to thank all departments in town for their assistance and cooperation during the past year. Without all of us working together the job cannot be done.

Respectfully submitted,

C. Robert Mitchell, Chief
Easton Fire Department

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

In 1981 we made an effort to reduce highway accidents. Although the total number exceeded last year, we feel that we significantly reduced the severity of personal injury accidents and reduced fatals from seven to one. This was accomplished through an aggressive radar patrol and the addition of a motorcycle which we received through the Federal Highway Safety Program.

We also increased the amount of fines returned to the Town from the Court by more than double.

A not so pleasant side also has to be reported. There was an increase in housebreaks. Last year we had 133, this year, 195; a most depressing increase. We had a solve rate of a little over eight percent (8%), somewhat below the national average. It is our intention to place greater attention to this problem in the coming year. This will be accomplished through the greater use of our Crime Prevention Officer working in conjunction with the Detective.

I would like to thank everyone for their cooperation during the past year and a special thanks to the Officers who worked at the Harvest Fair this past fall. All of these efforts were the result of the men volunteering their time.

Respectfully submitted,

Walter Healey
Chief of Police

BOARD OF HEALTH

To the Citizens of Easton:

In compliance with the General Laws of Massachusetts, it is our pleasure to herewith transmit to you a summary of the work done under the jurisdiction of the Board of Health for the year of 1981.

At the annul election in May, Donald F. Craig was reelected. He was reelected Chairman at the organizational meeting. Charles L. Hattaway, Jr. resigned in July due to business relocation. The Board appreciates his contributions to the Board during his tenure on the Board. Robert J. Kane was appointed to serve until the April, 1982 election at a joint meeting of the Board of Health and the Board of Selectmen. Appointments made by the Board include: Plumbing Inspector George E. Sawyer, Assistant Plumbing Inspector Robert F. Govey, Health Agent Frank Ribelin, Milk and Animal Inspector John D. Melin, Agent for Health and Burial Permits Mary P. Connolly. The garbage contract with Manuel Soares expired on June 30, 1981. Appreciation is extended to Mr. Soares for the manner in which he executed the contract. Due to Proposition 2½ separate collection of garbage and rubbish was eliminated and both are combined in one collection. The contract with the Community Health Agency, Inc. for nursing services was renewed July 1, 1981. A copy of their annual report is on file in the Board of Health office.

Easton enjoyed a relatively healthy year with the following diseases reported: Dog Bite, Cate Bite, Horse Bite, Chickenpox, Gonorrhea, Infectious Mononucleosis, Hepatitis, Salomonella, Scarlet Fever, Strep Infections and Tuberculosis. All the required reports and follow-ups were completed.

The Board was sorry to lose the services of Health Agent Everett W. Ericson on June 30, 1981. His eleven years of service to the Board and to the community were outstanding and deeply appreciated.

Plumbing Inspector George E. Sawyer reports that 168 permits were issued in 1981. Each permit requires at least two inspections.

John D. Melin, Milk Inspector, collected samples of milk throughout the Town, including schools and restaurants. Samples were tested at Oliveria's Laboratory and notices sent. All milk dealers and other establishments dispensing milk were licensed.

During the year inspection of all dairy cattle, dairy cows, horses, ponies, sheep, swine and beef cattle were inspected by the Inspector of Animals John D. Melin. Animal bites were followed up and the animal quarantined for the ten day period required by law.

Many inspections were made under the applicable public health codes and the DEQE codes which are enforced by the local Boards of Health. Follow-ups were made and the necessary corrective action taken.

Death certificates of all persons who died in Easton were certified and burial permits issued before filing the certificate with the Town Clerk. Premature births reported in compliance with the Law had the necessary follow-ups.

Septage Disposal continues a serious problem in the area and the Board is working with the various agencies involved to properly address this problem. Many meetings in the area have been attended by members of the Board and the staff. New regulations were promulgated in December of 1981.

The Board and its staff continue to attend many seminars, meetings and classes to keep abreast of Laws, Rules and Regulations. Mary P. Connolly was reelected Secretary and Member of the Executive Board of the Southeastern Association of Boards of Health.

The annual rabies clinic for dogs was held in the Spring. Dr. William Lloyd was in charge and the cooperation of the Dog Officer, Animal Inspector and the Director of Public Works was appreciated.

Through our contract with the Community Health Services, Inc., screening clinics for the elderly, well child conferences, immunization programs, mantoux testing, lead paint poisoning screening, flu immunizations clinic and many other preventive health measures were taken. We have worked closely with the School Department and their nurses in the various health prevention programs and in follow-up of diseases. We have worked with the Cancer Society, Heart Association and other Agencies to encourage early detection and prevention of diseases.

Permits issued by the Board include: Funeral homes, trailer park, day camp, campground, non-alcoholic beverage manufacturer, transport offal, disposal works construction permits, installers, food service establishments, mobile food service establishment, message, milk, plumbing, bakery, catering and to operate swimming pools.

Up-to-date immunization requirements for foreign travel are kept at the office and health certificates for passports may be obtained and validated at the office. A summary of the inspection reports on Passenger ships is received weekly at the office.

The Board works closely with local, regional and state agencies in a continued effort to safeguard the Town and the Townspeople in the matters of public Health. The Board appreciates the cooperation of the other Agencies in the Town. We wish to thank the League of Women Voters for having representation at the meetings of the Board.

Respectfully submitted,

Donald F. Craig, Chairman
George M. Luke
Robert J. Kane

REPORT OF THE VETERANS' SERVICES DEPARTMENT

To the Honorable Board of Selectmen:

The year 1981 was the first year that the Veterans' Services Department operated as a full time office. The full time operation has enabled the department to expand its role by increasing the availability of the Veterans' Agent to respond to inquiries and requests for assistance from residents.

In addition to providing Massachusetts Veterans Benefits, the department assists persons applying for federal Veterans Administration benefits, and for federal/state fuel assistance.

Town residents are urged to contact the department for assistance with veterans affairs.

Respectfully submitted,

Maria S. White
Veterans' Agent

REPORT OF THE EASTON PLANNING & ZONING BOARD

To the Citizens of Easton:

The Planning & Zoning Board continues its pursuit to achieve satisfactory land use planning and the physical implementation thereof. Our efforts in conjunction with citizen input through weekly meetings provides a worthwhile forum to address complex problems affecting neighborhoods. We seek a desirable social environment coupled with protection of our natural resources. Steadfast and cooperative initiatives by the Board acting in a professional manner seeks solutions which maximize the benefits to our community being uppermost of concern.

Community growth from 12,157 in 1970 to 16,606 in 1980 reflects about a 37% growth, indicating the desire by individuals to live in Easton. The record reflects a greater rate of growth in multi-family dwellings and, therefore, our attention is focused on diversity relationships best suited for the remaining developable land within the town.

During 1981 considerable time was devoted to the research phase for the preparation of the Growth Management Study. Workshop meetings open to the public were held with town departments and the Old Colony Planning Council to gather facts pertaining to growth impact problems. Data was also solicited from banks, lending institutions and other communities. The report contains recommendations for effective growth management. With the concern for the carrying capacity of the land and the water reserves, we will be exploring further the implementation of the growth study.

In addition, the Board devoted time to:

.1 extensive design review of subdivisions
.2 site plan review
.3 physical monitoring and inspections of subdivisions
.4 consultation with other departments and committees regarding problems of mutual concern
.5 review with federal officials regarding flood plains
.6 continued implementation of cash bonding for subdivisions
.7 updating the zoning regulations
.8 revising subdivision regulations
.9 encouraged the revitalization of the North Easton Business District
.10 cooperative dialogue with OCPA
.11 promoted growth of Easton Industrial Park
.12 panel discussion with neighboring communities and the state regarding growth issues
.13 continued support of Water Advisory Board program

The cooperative effort by appropriate town bodies carefully reviewing proposals has been a very successful technique used to ensure satisfactory land use planning.

Thirty-three plans not requiring approval under the subdivision control law were approved.

Two subdivisions were approved, subject to conditions — "High Plains At Easton" situated on the southerly side of Highland Street consisting of seventeen lots; "Seaforth" located on the south side of Summer Street near Randall Street consisting of fourteen lots.

Three preliminary subdivisions were submitted — "Hill and Dale" located off Bay Road having thirty-one lots; Bay Road and Allen Road having nineteen lots; "High Plains at Easton" located on Highland Street having seventeen lots.

Thirty-eight site plans were approved — Thomas Robinson for Dealer's Choice Auto Sales at Park & Hayward Streets; William Kempf for Easton Auto Sales at Park & Hayward Streets; Easton Country Club for a function room; Easton Industrial Park for Lots A-2-A, A-2-B, and B-1-B for industrial buildings; Lambert & Rosemary Anderson for Children Scene Day Care Center on Depot Street; James & William Bertarelli for Parcel D-3 on Renker Drive; Fernandes Lumber Company for steel building on Depot Street; Frothingham Memorial Corporation for YMCA services on Barrows Street; Albert A. Green, Jr. for use of barn for contractor's office at 690 Washington Street; Charles McCarthy for Hilliards House of Candy at Washington and Main Streets; Carl Holmander for Crafter's Choice at 174 Washington Street; Robert Junior for Atlas property on Turnpike Street for multi-family units; Carl Kempf to convert carport to law office at 43 Belmont Street; Douglas A. King for 66-68 Main Street and 99, 100, 101 Main Street for alteration of commercial and residential property; Douglas A. King for Lots 1 through 9 at Landsdowne Village for condominiums; Town of Easton for Moreau Hall on Washington Street; Dr. Eugene Packer for professional office and apartment at 111 Washington Street; Peabody N.E. for warehouse and offices on Eastman Street; Bruce Piltz for four unit apartment at 132 Turnpike Street; Donald Proudman for Automatic Control Systems, Inc. at 77 Turnpike Street; Stedfast Rubber Co. for alterations to loading dock at 50 Oliver Street; Edward Stivaletta for 6 unit condominiums at 479 Foundry Street; Frank Compagnone for Stonehedge Village Condominiums off Washington Street; Stonehill College for student resident building; Stonehill College for priest's residence; Yankee Sprinkler Co. for offices at 121 Depot Street.

During 1981 two longstanding members of the Planning Board resigned — Charles Malcosky who served for over twenty years and Jerry Fletcher who had served for over ten years. The Board would like to take this opportunity to record its appreciation for their valuable contributions and service over the years. Their presence and steadfast support of good planning efforts will be greatly missed.

In addition, the competent secretarial staff of Jean Hayward and Barbara Paras, who provided the mechanism to effectively administer our community planning and zoning program, will be greatly missed due to their recent resignations. Their devoted efforts greatly facilitated the work of the Board.

The Board has worked very closely with the Water Department regarding the water supply issue and appreciate the efforts of Wayne Southworth, Superintendent, in this regard.

The continued active support and cooperation from all concerned citizens who have worked with us in the pursuit of good community planning is greatly appreciated.

Respectfully submitted,

Edmund J. McAdam, P.E., Chairman
Frederick Clark, Clerk
William Glover, P.E.
Dana Shave, P.E.

REPORT OF THE CONSERVATION COMMISSION

To the Citizens of Easton:

In 1981 the Conservation Commission added 21.2 acres to their lands. Mr. Oliver F. Ames deeded a gift to the town of 8.67 acres near Flyaway Pond, adding further protection to the shoreline plus joining parcels of Picker Field. The remaining 12.5 acres were purchased by the Commission for the protection of upper Ward Pond on the Wheaton Farm. Both acquisitions contribute to the continuing effort of the Commission to protect our natureal watersheds.

The Natural Resources Trust of Easton (NRT) has also helped the Commission this year with their generous gifts of the trim painting at the Wheaton Farm Barn and financial aid in the purchasing of the 12.5 acres at Wheaton Farm.

The program of upgrading the Tufts Farm, a gift from William and Shirley Tufts of house, outbuildings and farmland adjacent to Picker Field, continued with complete painting (inside and out) of home, installation of storm doors and windows, insulation of kitchen attic, and a new septic system. The grounds around the homestead itself have been landscaped by Project Do-Care, Oliver Ames High School, under the direction of Mr. Cyrus Comninos. Also, the grounds of the farm have been worked on and a new apple orchard has been planted. Our thanks goes out to Project Do-Care, Mr. John Luke, and the Easton Department of Public Works for their help in some of the above projects.

The enforcement of the Wetlands Protection Act (Ch. 131, s. 40) and the Wetlands Protection By-Law (Article 29 of the Town of Easton By-Laws), which was passed last year at the town meeting, resulted in 17 public hearings plus numerous meetings with 12 orders of conditions issued. Several large developments with existing orders continued to be of improtance to the Commission as lot by lot development will result in future wetland filings.

The Commission also spent a great deal of time this past year working with the State on the Self-help application pending for the 180 acre parcel near the school complexes and working on the revision of the 5-year Action Plan for the Town conservation areas. Our basic goal of protecting the brooks, streams, ponds, and wetlands thru acquisition, easement, restriction or regulation remains unchanged.

The Commission wishes to publicly thank all departments who worked with us in 1981.

Respectfully submitted,

John E. Grant, Chairman
Alice B. McCarthy, Vice-Chairman
Henry D. Kennison
Robert J. Murphy
Eugene M. Nawrocki

REPORT OF THE CIVIL DEFENSE DIRECTOR

To the Citizens of Easton:

Following is a report of the activities of your Civil Defense Agency for the year 1981.

The year showed a decrease in the emergency activities that are a usual function of this department. However, the weekend police patrols both with our own vehicles and with the Easton Police Department continued as a part of our on-going training and experience for members of the Auxiliary Police. Training sessions, films, seminars sponsored by the Commonwealth of Massachusetts, and regional meetings were attended in addition to the regular meetings of the department held throughout the year. Assistance with traffic and safety during the Natural Resources Trust Fair, Jaycees' Marathon, and other Town coordinated functions were also provided by members of the department. On occasions when additional manpower was required by the Police Department, members of the Auxiliary Police made themselves available.

We have been without the services of one of our cruisers for most of the year. However, I would like to thank Superintendent Reynolds and his mechanics for keeping the rest of our rolling stock on the road.

In closing, I would like to thank Chief Healey and the members of the Easton Police Department for their assistance and the valuable training opportunities afforded the members of the Auxiliary Police Department.

Respectfully submitted,

Donald S. Winship, Jr.
Director of Civil Defense

REPORT OF THE HISTORICAL COMMISSION

To encourage the preservation of the historical resources of our community is the principal responsibility of the Easton Historical Commission. In order to accomplish this objective, the Commission has continued to monitor Easton's growth and to provide historical maps of Easton and other pertinent data to all concerned individuals and organizations. Also, Commission members serve on the Local Historic District Study Committee and the North Easton Revitalization Committee. A twenty-page walking guide of North Easton ahs been prepared by one of the Commission members.

The centennial of the construction of the Oakes Memorial Hall was the highlight of 1981. The Historical Commission assisted the Oakes Ames Memorial Hall Centennial Committee at the re-enactment of the dedication of the hall November 15th in which many state and local dignitaries participated.

Currently the Commission has submitted a proposal to the Massachusetts Historical Commission for matching funds to excavate the Hixon Settlement north of Harlow Street. If funded, this endeavor would be accomplished in conjunction with HAL students in the Easton School System. Also, the acceptance of a National Register District in Furnace Village is still pending.

The Commission members would like to express their appreciation to Mrs. Norma Jean Hanscom, whose expertise was definitely appreciated during her years on the Commission.

AMES FREE LIBRARY OF EASTON, INC.

I herewith submit the following report on the Ames Free Library of Easton, Inc., for the year ending December 31, 1981.

During the past year, 1,422 books were added to the library, bringing the total number of volumes to 48,374. Of these, 924 titles were adult and 498 juvenile.

Circulation of books rose to 61,026, an increase of 639 over the figure of 60,387 for the previous year. The greater gain of 408 was in the adult section, with 231 in the children's room. In 1981, 1,455 new borrowers were registered, this figure being 15 larger than the 1,440 of 1980.

The outstanding event of the library year was the celebration of the 50th anniversary of the William Hadwen Ames Memorial Room, which opened November 10, 1931, for the use of Easton children. On November 7, 1981, Mrs. William H. Ames, donor of this room in memory of her husband and honorary member of the Library Board of Directors, was hostess at a birthday party for young library borrowers that featured a magic show and refreshments.

Spring and fall story hours for pre-school children were well attended, and a summer reading club based on the theme, "Buried Treasure in Books," attracted 96 grade-school youngsters during July and August. For the first time, the library held a No-Fines-Week at the end of the school year and, as a result, recovered 59 long over-due books.

Throughout the year, groups of tourists, students of architecture and individuals from many parts of this country and Europe came to visit the Ames Free Library building, a bequest to the people of Easton by Oliver Ames in 1883 and a fine example of H.H. Richardson's architecture.

Members of the Library Board of Directors include: David Ames, President; Mrs. David Ames, Secretary; Douglas D. Porter, Treasurer; Esther C. Anderson; William M. Ames; Richard W. Martin.

REPORT OF THE OLD COLONY PLANNING COUNCIL

To the Residents of Easton:

As your representatives to the Old Colony Planning Council we are pleased to present this report of the Council's activities during 1981.

The Council members and staff were involved in a wide range of national, state and areawide issues that were directly related to the Council's program and future effectiveness. The year was marked by a substantial shift in policy at the state and national level that impacted the Council's ability to serve the technical assistance needs of the member communities. Reductions in federal funding for Economic Development, Housing and Land Use Planning and Water Quality Program Management activities have required the Council to decrease the size of its staff and restricted the Council's ability to assist member communities with specific problems. If this situation is to be reversed it will require increased funding from state and local sources.

Council President Gerard W. Dempsey of Pembroke assisted the National Association of Regional Councils (NARC) in establishing regional council priorities. President Dempsey believes there will continue to be a base level of federal funding support and involvement in the Council's program, but feels the states must do more to support hte work of the Council.

This past year Council members, acting as the regional clearinghouse on applications for federal funding, environmental review and industrial revenue bonds reviewed applications for state and federal assistance amounting to over fifty-one million dollars.

During the year the Council continued in its responsibility as the Area Agency on Aging and administered programs for the AAA service area. Two new programs were initiated by the Council to provide for the transportation and housing needs of elders. The Council is assisted in its work by the AAA Advisory Committee, Chaired by Christian Schembri, Director of the town of Plymouth Council on Aging.

Another important Council activity for the year was Economic Development planning and programming. In this capacity, the Council acts upon all bonding proposals submitted to the Massachusetts Industrial Finance Authority through the Overall Economic Development Program Committee. The Committee is headed by Timothy Sullivan, Director of the Office of Continuing Education and Conferences at Stonehill College.

The Housing Advisory Committee of the Council under the Chairmanship of John Mather provided valuable input to the Council on housing issues and applications for housing assistance during the year. Through the work of this Committee on Areawide Housing Opportunity Plan was developed for the area.

The Joint Transportation Committee chaired by John Yaney established transportation project priorities for the region with the assistance of area communities. This information led to the development of the Transportation Improve Progam (TIP). The TIP is the basis for funding all state and federally assisted highway and transportation projects.

In addition to OCPC's ongoing projects which benefit the entire region, the Council provided technical assistance to many of its member communities. The following are just some of the projects the Council was involved in during the year.

In Bridgewater, the Council prepared a Flood Plain Protection By Laws for the town to meet the requirements of the National Flood Insurance Program. As a result of the adoption of this By-Law, low cost flood insurance will be available to town residents.

The Council also assisted the town of Hanson in identifying and beginning to develop a groundwater protection district proximate to potential town well sites. Assistance was also provided to the town of Kingston in preparing a septage disposal survey and the town of Pembroke in developing an Affirmative Action Program.

The adequacy of present and future water supply continues to be one of the most important areawide issues within the Old Colony Planning Council district. The Council is acutely aware of the need to encourage the public to conserve water use and to develop additional sources of supply. In this regard, the Council made available to each member community water conservation flyers to be distributed to each household emphasizing the need to conserve the use of water. The Council will be working with local officials in designing the best method of assuring an adequate supply of water for the future.

The Council grateully acknowledges the generous support and cooperation of its member communities, the local boards and commissions and the many governmental agencies, public and private institutions and individuals who have assisted the Council in its work.

Respectfully submitted,

Old Colony Planning Council

REPORT OF THE RECREATION COMMISSION

To the Residents of Easton:

The Recreation Commission offered a variety of successful programs for residents during 1981.

The year began with the popular Downhill Ski Program for youngsters age 10-17. Transportation and a series of 5 lessons were offered at the Blue Hills Ski Area in Canton during January and February.

Adult programs offered during the winter, spring and fall included Open Gym, volleyball and Dance Aerobics. Both Open Gym on Monday nights and the Co-ed Volleyball League on Thursday nights at the Oliver Ames High School gym drew a large number of participants. The enthusiastic women's volleyball team competed in an area league on Wednesday nights. Dance Aerobics was expanded to 2 classes on Tuesday and Thursday evenings at the Parkview School.

Senior Citizens responded enthusiastically to square dancing and line dancing classes on Tuesday and Thursday afternoons at Parker Terrace Community Center.

The Easton Men's Softball League had a full schedule which included weekend practices and games four nights a week from May through August.

Youth activities offered during the summer included swimming lessons, competitive swimming, tennis lessons, arts and crafts and field trips. Over 1,100 residents enjoyed recreational swimming at the Town Pool on Lincoln Street. The back pond water was diverted around the pool in the spring. This combined with daily maintenance provided excellent swimming conditions during the summer.

The Recreation Commission extends its appreciation to the School Committee for the use of its facilities, to the recreation staff and volunteers who make the programs run smoothly and to the D.P.W. personnel for their work at the Town Pool and their park maintenance throughout the year.

The Commission faced major budget cutbacks during 1981 and was forced to charge registration fees for many of its programs. These fees will be needed in 1982 to continue offering quality programs.

The Recreation Commission would like to thank the Selectmen and residents for their continued support.

Respectfully submitted,

George Quinn, Chairman	Deborah Carr
Lou Ciavarra	Blaine Thurber
Donald Gage	Dolores Kent, Director

REPORT OF THE CEMETERY COMMISSION

To the Selectmen of Easton:

The cemeteries of the Town were maintained by mowing, filling in sunken graves, making repairs to gravestones and general maintenance.

The following cemeteries were surveyed by the D.P.W. engineers and recorded in the Registry of Deeds in Bristol County seat in Taunton, Massachusetts; namely, Veterans' Cemetery on Church Street and the Bay Road Cemetery on Bay Road.

The Commission is making a study to install bronze plaques embedded in stone for all the cemeteries in Town which will denote the historic significance of all the cemeteries.

The Commission hopes that the balance of the quantity of cemeteries will be completed for surveying and recording in the Registry of Deeds in the near future.

The Bay Road Cemetery has a flag pole installed on same. This flag pole was contributed by theSun Oil Company.

Respectfully submitted,

Oscar Peterson, Chairman

REPORT OF THE EASTON HOUSING AUTHORITY

To the Residents of Easton:

The Authority's 144 elderly housing units and 3 family units have been tenanted for the entire calendar year of 1981. Occupancy waiting lists number over 150 persons. The Office of the State Auditor performed an audit of the Authority's books in April of 1981. Their finding noted conformance with State procedures. On June 4, 1981, the Authority entered into a contract with Department of Housing and Urban Development in the amount of $35,172.00 to provide 10 rental assistance units. On September 15, 1981, the Authority entered into a contract with the Executive Office of Communities and Development in the amount of $2,280,000.00 to construct 40 elderly and 8 family units in the Town of Easton. The Authority appreciates the efforts of the Town and its citizens for their continued support of current and planned programs in Easton.

REPORT OF THE COUNCIL ON AGING

To the Citizens of Easton:

The Council on Aging expanded its Outreach Program during 1981. Our 2 Senior Aides made friendly visits and installed the Vial of Life.

The successful hot lunch program continued Monday - Friday at Parker Terrace Community Center. Meals on Wheels including special diets were also delivered 5 days a week to home-bound elderly.

The Council provided transportation for the lunch program, grocery shopping, medical appointments and weekly trips to Westgate Mall and Westside Plaza.

The office staff completed fuel assistance applications, provided information on social service programs and made referrals to area agencies to obtain homemaker and home health aide service for elders in need.

The Council sponsored 5 day-trips and 3 group tours lasting three to five days. Other recreational activities included the Craft Show, Spring into Summer Festival, Line Dancing, Square Dancing and Ceramic classes.

Because of budget cutbacks in July, the newsletter was published every other month during the last part of the year. We hope to resume monthly publishing in 1982 with additional State Council on Aging Grant funds.

We would like to thank the dedicated volunteers who devote many hours of service helping with the lunch program, transportation and office chores.

REPORT OF SELF HELP INCORPORATED

To the Town of Easton:

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1981, Self Help, Inc., received a total funding of $9,273,787 and provided 289,149 direct services to the area's limited-income individuals and families. Easton residents received 334 direct services totaling $149,039 during our program year.

The total funding of 9 Million dollars does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional $1,426,213 of other community resources such as CETA, Commonwealth Service Crops, and local City and Town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was 10.7 Million.

Self Help currently employs 189 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/80 - 9/30/81 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Mr. Gerald Groom to our Board of Directors for helping to make our program a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.
Executive Director

REPORT OF THE BRISTOL COUNTY MOSQUITO CONTROL PROJECT

On June 30, 1982 the Bristol County Mosquito Control Project will complete twenty-three years of service to the cities and towns of Bristol County.

During this time our men have been continuously schooled in the latest methods of control, the proper application of pesticides and use of equipment in order to insure the safety of both the people and the environment while conducting our never ending fight to control mosquitos throughout the county. Each man who operates our ultra low volume fogging machines or any other equipment used in the application of pesticides is state certified.

Through years of experience it is evident that water management is the most effective and longlasting method of control, as mosquitos pass from eggs to adults in water. The Bristol County Mosquito Control Project has four crawler tractors with backhoes that are available for water management work whether it is for the elimination of a wet area or constructing a system of ditches that will regulate water depth and/or flow in a swamp area. It is often not necessary to drain an area completely but rather construct a series of ditches by which we are able to regulate the flow of water. Should a city or town official or people therein feel they have an area where such work might be advantageous, please contact this office and we shall survey the area. Upon completion of our survey, if worthwhile work can be done, it shall be scheduled.

During the pre-hatch season from January to the end of March a total of 35¾ acres of known mosquito breeding swamp and woodland pool areas were treated with Methoxychlor wettable powder dust. As the winter ice melts, this pesticide is released into the water to kill either overwintering mosquito larvae or larvae hatching from eggs laid in the fall. An additional 20¾ acres were treated with fuel oil. The amount of acreage treated is below normal due to the dry weather that prevailed during the summer and fall of 1980. Only areas that are filled with water that does not run off and are known as previous mosquito breeding areas can be treated.

The spring brood of mosquitos emerged around the end of April and our spray program got underway the first part of May. We received approximately 302 calls from the townspeople requesting that their area be sprayed. During the summer season all recreational areas and camps were sprayed weekly as well as all other areas of the town where mosquitos were a problem. We also treated 1,107 breeding catch basins during this time.

During the summer months we also monitored the mosquito population and types collected by our mosquito light traps. This helps to keep the Project informed of any buildup in eastern equine encephalitis virus, should it exist. The 1981 season saw little, if any, virus present and no cases were reported.

In early September the need for adult mosquito spraying no longer existed. With the end of the spraying season our work turned to water management projects. At this time the crews cut brush and clean debris from existing ditches and streams in order to insure a better flow of water from normally wet areas. A total of 1,000 feet of brush was cut from ditches and 875 feet of existing drainage ditch cleaned of debris.

I would like to thank the town officials and the people of Easton for their continued support and cooperation and look forward to serving them in the coming year. Should anyone have a question as to what might be done to relieve a mosquito problem in their area, please feel free to call.

Respectfully submitted,

Alan W. DeCastro
Superintendent

SPECIAL TOWN MEETING
WARRANT
February 9, 1981

BRISTOL, SS. To either of the Constables of the Town of Easton in the County of Bristol. GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and Town affairs to meet in the Oliver Ames High School Auditorium in said Easton on Monday, the ninth day of February, next, at 8:00 p.m. then and there to act upon the following Articles.

ARTICLE 1. To see if the Town will vote to appropriate or transfer a sum of money to the following line item of the 1981 fiscal year budget and to determine whether such appropriation shall be raised by taxation or by appropriation from available funds in the Treasury, or to take any other action relative thereto.

Police Department Overtime/Holidays/Court Time — $24,200.

Submitted by the Board of Selectmen

ARTICLE 2. To see if the Town will vote to amend the by-laws of the Town by repealing section 6 (Failure to Comply) of Article XXIV, in its entirety, and substituting therefor the following new Section 6:

Section 6 — UNLICENSED DOGS

"Any dog within the limits of the Town which has not been licensed, collared or harnessed, and tagged, as required by the provisions of Chapter 140 of the General Laws, shall be confined and impounded, for a period not to exceed ten days, and shall not be released until a pick-up fee of $10.00 shall be paid to the dog officer for his services, payment of boarding fees, as authorized by law, shall have been made and until payment of the required license fee has been made to the town treasurer. Any such dog not claimed within the ten day period shall be sold by the Dog Officer or otherwise disposed of by whatever methods are available."

or to take any other action relative thereto.

Submitted by the Board of Selectmen

ARTICLE 3. To see if the Town will vote to amend the by-laws of the Town by repealing Section 7 (Unlicensed dogs) in its entirety, and submitting therefor the following new section 7:

Section 7 — MANDATORY LEASHING OF DOGS

"No owner or keeper shall cause or permit any dog to run at large within the limits of the Town. While on any public way or place, that is open to the public, dogs shall be under restraint by the owner or keeper. A dog is under restraint within the meaning of this by-law if he is controlled on a leash or at "heel" beside a competent person and obedient to such person's command, or within a vehicle being driven or parked on a public way. Dogs running at large, and not under restraint, will be caught and confined for a period of ten days, and the owner or keeper will be forthwith notified. Said dogs shall not be released to that owner or keeper until a pick-up charge of ten dollars ($10.00) shall have been paid to the Dog Officer for his services rendered and payment of boarding fees, as authorized by law, shall have been made,"

or to take any other action relative thereto.

Submitted by the Board of Selectmen

ARTICLE 4. To see if the Town will vote to amend the by-laws of the Town by repealing Section 9 (Dog Leashing) in its entirety and substituting therefor the following new section 9:

Section 9 — VIOLATION OF DOG CONTROL BY-LAW

The Dog Officer or other authorized police officer may seek a complaint in the District Court at Taunton, Mass., against any owner or keeper of a dog who shall be in violation of any provision of this by-law, or who shall fail to comply with any order of the dog officer or any order of an authorized police officer, or any order of the Board of Selectmen issued pursuant to this by-law and such violation shall be subject to the following schedule of fines to be levied by the District Court.

A. First offense committed by such owner or keeper within the limits of the Town, within a calendar year, twenty-five dollars ($25.00).

B. Second offense committed by such owner or keeper within the limits of the Town, within a calendar year, thirty-five dollars ($35.00).

C. Third offense committed by such owner or keeper within the limits of the Town, within a calendar year, forty dollars ($40.00).

D. Fourth and subsequent offenses committed by such owner or keeper within the limits of the Town, within a calendar year, fifty dollars ($50.00).

or to take any other action relative thereto.

Submitted by the Board of Selectmen

ARTICLE 5. To see if the Town will vote to advise the Great and General Court not to appropriate for Fiscal Year 1982 more than it did for Fiscal Year 1981 for expenditures by the Commonwealth's departments and agencies. Further, that the savings of approximately $350,000,000 from the above cuts be redistributed to the cities and towns in the form of increased local aid, or to take any other action relative thereto.

ARTICLE 6. To transact any other business that may legally come before said meeting.

Discussion period on impact Proposition 2½.

You are directed to serve this Warrant by posting attested copies thereof one at each meeting house and post office in said Town, and one at the Oliver Ames High School Auditorium and one in the Town Offices, fourteen days at least before the time of holding said meeting.

Given under our hands this 22nd day of January in the year nineteen hundred and eighty-one.

Pickering Associates, Inc." on file with the Town Clerk's Office. UNANIMOUS VOTE.

*ARTICLE 6. VOTED to amend the By-Laws of the Town by inserting after Article Number 29 the following new Article: (Amended)

ARTICLE NO. 30 LICENSE FOR PURCHASE AND SALE OF PRECIOUS METALS

1. LICENSE:

A. Every person in the business of purchasing precious metal(s) shall be licensed, except duly licensed auctioneers, licensed by the Town of Easton.

B. The fee for the license shall be $500.00 for the owner of the business, and $100.00 for each employee.

C. There will be no transient buyers of precious metals in the Town—i.e. 15 days or less per month of operation.

D. The license shall be renewed yearly.

E. The owners of the business shall be required to be bonded. The amount of the bond shall be not less than $25,000.

F. There will be a statement on the license as to whom the licensee will be selling the items purchased. If that person or company changes, notification is to be made to the licensing authority.

G. Prior to the issuance of a license, a records check will be completed by the issuing authority. Any expense incurred will be borne by the applicant.

H. The license shall be displayed in plain view on the premises where business is being transacted.

I. The number of licenses issued shall be no more than two.

2. SCALES:

A. The weight to be used and the type of scale to be used shall be prescribed by the Sealer of Weights and Measures.

3. PURCHASE:

A. All purchases shall be recorded in a bound book. The book shall contain the following information: name, address, age, time, date, description of items sold, and signature of person selling items. This book shall be open for inspection by authorized persons.

B. There will be no purchase from a minor.

C. A report shall be filed with the Chief of Police daily on the forms provided by him of all purchases made that day.

D. Positive photo I.D. from everyone selling any item. C 266, S 142-A.

E. A photographic record of all sales—i.e. department store check machine. Person and items to be sold to be photographed.

F. All purchases of precious metals shall be made on license premises only.

4. HOURS OF OPERATION:

A. The hours of operation shall be from the time of 9 a.m. to 6 p.m. six (6) days a week; closed on Sunday.

5. HOLDING PERIOD:

A. There shall be a 10-day holding period for all items purchased.

B. All items purchased shall be held at a place designated by the purchaser, but shall be made available to the Police Department upon request.

C. The purchaser shall put the current market price at the weight at which they are buying.

D. If purchasing from other dealers, the licensee shall maintain in the same records and the same book and hold for the same period as previously stated.

6. PENALTY:

A. The penalty for violation of any of these provisions shall be One Hundred Dollars for each offense, and revocation of license.

*ARTICLE 19. VOTED to accept the proposed amendments of the "Zoning By-Law of the Town of Easton" by:

1. In Section V USE REGULATIONS, insert a new Sub-section 5-4 to read as follows:

5-4. GROUNDWATER PROTECTION DISTRICT

A. Purpose—The Groundwater Protection District and the regulations herein have been established with the following purposes intended:

1. To facilitate the adequate protection and provision of the community water supply through preservation and maintenance of the ground water table;

2. To protect and preserve the inland wetlands and water courses in order to safeguard the purity of inland waters and for the protection and propagation of the food chain supportive of marine life;

3. To encourage the most appropriate and suitable use of the land.

B. Location—The Groundwater Protection District is established as an overlay district and shown on a map titled "Town of Easton, Massachusetts Zoning Map" dated March 7, 1973.

C. Permitted Uses—In the Groundwater Protection District, except as provided herein and in D and F below of this paragraph, no building or structure shall be erected, constructed or otherwise placed or moved for any purpose except the following, which are permitted as a matter of right:

1. Conservation of water, plants and wildlife, including wildlife management shelters.

2. Legally permitted outdoor recreation not requiring development or landscape alteration in conflict with the purpose of this district including nature study, fishing, hunting, and foot-bicycle-horse paths.

3. Grazing, forestry, and other farms consistent with the purposes of this district.

4. Muncipal water supply facilities including retention ponds, wells and pumping stations.

D. Permitted Uses By Exception

1. The Board of Appeals, after a public hearing and after the application for a special permit has been referred to other municipal agencies as provided in Section Two (2) of this Subparagraph, if it is established to the satisfaction of the Board of Appeals that a proposed use will not interfere with the general purposes for which Groundwater Protection Districts have been established and will not violate the provisions of Section Three (3) of this Subparagraph and will not be detrimental to the public health, safety, or welfare, may grant a special permit for any uses permitted as a right in said district, except such uses enumerated in Subparagraph E of Paragraph 5-4.

Applicant for such permit shall provide the Board of Appeals with an original and five copies of the applicant for a special permit. The application shall include a plan prepared and certified by a registered professional engineer or a registered land surveyor. This plan will show the location, boundaries, and dimensions of the lot, existing and proposed facilities, water courses and drainage easements, fill, means of access and proposed sewage disposal facilities if needed; test borings of sufficient depth to show location of peat, hardpan, other impervious material and ground water. The plan will also show existing and proposed ground contours at 2-foot intervals.

2. The Board of Appeals will forward one copy of each application to the Building Inspector, Planning Board, Department of Public Works, Board of Health and Conservation Commission. These agencies shall then file written recommendations with the Board of Appeals within a fourteen (14) day period following the publication of the first public hearing notice.

3. The Board of Appeals may issue a permit under this section if it finds that the proposed development will not result in the following:

a. 1 percent or greater reduction in the ground water yield of the public wells in the District.

b. Pollution from either sewage wastes, storm water runoff, or other liquid wastes that would endanger the water quality of the public wells in the District.

The burden of showing that the proposed development will not result in either of the above rests upon the developer, who shall provide such engineering and hydrologic data that is required by the Board of Appeals to make a determination of acceptablitiy.

E. Prohibited Uses

In those portions of the Town so indicated on the accompanying Zoning By-law Map as the Groundwater Protection District, the following uses shall be prohibited except as allowed in Subparagraphs C and D above:

1. The storage of flammable, explosive, or toxic materials.

2. The dumping of toxic or hazardous waste materials.

3. The digging or drilling of a well which will draw in excess of 20 gallons of water per minute.

4. Construction of an on-site sewage disposal system within 800 feet of a well site.

F. Non-Conforming Uses—the provisions of this section shall not apply to any building or structure in the Groundwater Protection District in existence or for which building permits had been issued prior to the date of adoption of this section. Such buildings or structures may be repaired, altered, enlarged or rebuilt only when in compliance with all other sections or this by-law and applicable State and Town laws, provided that any such enlarged or rebuilt building or structure does not adversely affect the groundwater supply in the District.

G. Administration—When an application is made for a building permit on land which involves the use of land in the Groundwater Protection District, the Building Inspector shall require that the applicant for such permit, provide as part of such application, a plan of the lot on which proposed development is intended showing elevations above mean sea level at 2-foot contour levels, indicating the bench marks used and certified by a Registered Land Surveyor or Registered Engineer. The Building Inspector shall transmit a copy of the plan to the Planning Board, Department of Public Works, Conservation Commission and the Board of Health.

SPECIAL TOWN MEETING WARRANT SEPTEMBER 14, 1981 COMMONWEALTH OF MASSACHUSETTS

BRISTOL, SS.

To either of the Constables of the Town of Easton in the County of Bristol

GREETINGS

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and Town affairs to meet in the Oliver Ames High School Auditorium in said Easton on Monday, the 14th day of September, next, at 8:00 p.m. then and there to act upon the following Articles.

ARTICLE 1. To see if the Town will vote to accept the provisions of Chapter 90 of the Massachusetts General Laws, which provides that in any town which accepts the provisions of said section 20A 1/2, the Board of Selectmen shall designate a Parking Clerk who shall report to the Selectmen and shall supervise and coordinate the processing of parking notices in the town, the collection of fines from any person violating the Rules and Regulations regulating the parking of motor vehicles in the town, and shall act as a Hearing Officer in those cases where the alleged offender desires a hearing, or to take any other action relative thereto.

Submitted by Board of Selectmen

ARTICLE 2. To see if the Town will vote to authorize the Board of Selectmen, acting for and in behalf of the Town, to purchase, to acquire by gift, or to take by right of Eminent Domain, for Parking Lot purposes, a certain parcel of land purported to be owned by the Heirs of Lula M. Reynolds, situated in that part of Easton known as North Easton, on the Southerly side of Mechanic Street, consisting of a parcel of about twenty feet by fifty five feet of land, and being a portion of the land conveyed to the late Lula M. Reynolds by deed of Reynolds, Drake and Gabell Company, dated March 27, 1926, recorded with the Bristol County Northern District Registry of Deeds, Book 766, page 61, or to take any other action relative thereto.

Submitted by Board of Selectmen

ARTICLE 3. To see if the Town will vote to authorize the Board of Selectmen, acting for and in behalf of the Town, to purchase, to acquire by gift, or to take by right of Eminent Domain, for Recreational Purposes, Lot C in Chestnut Knoll Estates, purported to be owned by Briarwood Enterprises Co., Inc., bounded and described as follows:

> the land in Easton, Bristol County, Massachusetts, shown as Lot "C" on a plan entitled "Chestnut Knoll Estates" drawn by Hayward-Boynton & Williams, Brockton Massachusetts, dated January 4, 1980, revised May 7, 1980, recorded with the Bristol County North District Registry of Deeds in Plan Book 186 Page 56 et seq., to which plan reference is made for a further and more particular description of said land. Said premises are conveyed subject to the restriction, for the benefit of the grantor's remaining land shown on said plan, running with the land, that said premises may be used for all purposes for which public ways may be used in the Town of Easton in conjunction with the use of the 9.1 acre parcel of land situated westerly of said lot "C" for park, recreational, conservation or like usage.
>
> Also, the right to use a strip of land thirty (30) feet in width running along the southwesterly line of lot 83, as shown on said plan from Wedgewood Drive to said land of the Town of Easton, according to said plan, for all purposes for which public ways may be used in the Town of Easton in conjunction with the use of the 9.1 acre parcel of land for park, recreational, conservation or like usage; subject, however, to the same restriction above set forth with reference to the use of lot "C", to take any other action relative thereto.

Submitted by Board of Selectmen

ARTICLE 4. Submitted by Planning & Zoning Board

ARTICLE 17. To see if the Town will vote to accept the proposed amendments of the "Zoning By-law of the Town of Easton" by:

1. Section VI DIMENSIONAL AND DENSITY REGULATIONS, Sub-section 6-3. (Dimensional and Density Regulations Table), under the column entitled "Min. Lot Size in Sq. Ft.," for the Zoning District Business B delete 40,000 and insert in place thereof 60,000; for Apartments delete 40,000 and insert in place thereof 60,000; and for Motel delete 40,000 and insert in place thereof 60,000.

2. In Section VII SPECIAL PROVISIONS, Sub-section 7-2 (APARTMENTS, MULTIPLE OR ATTACHED DWELLINGS), delete Paragraph A) in its entirety and insert in place thereof the following new paragraph A):

> A) Maximum number of dwelling units per 60,000 sq. ft. lot; 3-2 bedroom dwelling units; or, 6-single bedroom dwelling units; or any combination thereof.

3. In Section VII SPECIAL PROVISIONS, Sub-section 7-2 (APARTMENTS, MULTIPLE OR ATTACHED DWELLINGS), delete Paragraph B) in its entirety and insert in place thereof the following new Paragraph B):

> B) In the case of lots in excess of 60,000 square feet in area, the requirement shall be the same as set forth herein with the exception that 10,000 square feet of land shall be required for each additional single bedroom dwelling unit and 20,000 square feet of land shall be required for an additional 2-bedroom-dwelling unit, in excess of the 3-two bedroom-dwelling-units or 6-single-bedroom-dwelling-units set forth as a maximum under subparagraph A) above. However, in no case shall the maximum number of bedrooms in any building exceed 8 bedrooms.

4. In Section VII SPECIAL PROVISIONS, Sub-section 7-5. (PLANNED UNIT DEVELOPMENT), Paragraph C), in the first sentence delete "25%" and insert in place thereof "33%."

5. In Section VII SPECIAL PROVISIONS, Sub-section 7-6 (PLANNED BUSINESS DEVELOPMENT), Paragraph D), at the end of the sentence delete the period and add the following:

6. In Section VII SPECIAL PROVISIONS, Sub-section 7-6 (PLANNED BUSINESS DEVELOPMENT), Paragraph H) to read as follows:

H. Residential uses, including apartments and condominiums, are not permitted within a Planned Business Development with the following exception—a single dwelling unit, not to exceed two bedrooms, to be utilized for the express purpose of security, maintenance or caretaking of the buildings and grounds.

7. In Section VIII OFF-STREET PARKING AND LOADING REGULATIONS, Sub-section 8-6. (TABLE OF OFF-STREET PARKING REGULATIONS), under Point 4., delete "four" and insert in place thereof "three," under Point 6., delete "250" and insert in place thereof "150," under Point 7., delete "400" and insert in place thereof "100."

or to take any other action relative thereto.

Submitted by Planning & Zoning Board

ARTICLE 18. To see if the Town will vote to accept the report of the Planning and zoning board concerning the proposed amendment of Section VII of the Easton Zoning By-law by the insertion of a new sub-section entitled 7-13 "Rate of Development," or to take any other action relative thereto.

Submitted by Planning & Zoning Board

ARTICLE 19. To see if the Town will vote to amend the Easton Zoning By-law by inserting in Section VII the following new sub-section:

7-13. Rate of Development

The purpose of this Section is to relate the timing of residential development to the town's ability to facilitate the adequate provision of transportation, water, water supply, drainage sewerage, schools, parks, open space and other public requirements, and thereby to promote the health, safety, convenience and welfare of the inhabitants of the town, by regulating the maximum rate at which individual developments may proceed.

A) Building permits for the construction of dwellings on lots held in common ownership on the effective date of this provision shall not be granted a rate per annum greater than as permitted by the following schedule commencing in the year such lots are subdivided or in the year this provision becomes effective, whichever is later.

B) For such lots containing a total area of land sufficient to provide more than ten dwellings at the maximum density permitted under these by-laws for the District in which such lots are located; one-tenth of the number of dwellings permitted to be constructed or placed on said total area of land based on said maximum permitted density.

C) For such lots containing a total area of land insufficient to provide ten or more dwellings at the maximum density permitted under these By-laws for the District in which such lots are located: one dwelling.

D) Any lots in a subdivision covered by this provision hereafter sold or otherwise transferred to another owner shall include in the deed the earliest date on which construction may be commenced in accordance with these provisions. A Rate of Development Covenant approved by the Planning & Zoning Board shall be filed by the landowner at the Bristol County Northern District Registry of Deeds with the approved subdivision plans or subdivision approval not required plans.

E) Insofar as the subdivision is not exempted by G.L. Chapter 40A, Section 6, from the provisions of this by-law, the period of time provided under G.L. Chapter 40A in which a subdivision is not affected by zoning changes is hereby extended during the duration of this by-law so as to protect such sub-division against further changes in use and density requirements.

F) Units designed for low or moderate income residents of all ages and units receiving or eligible to receive state or federal subsidies, shall be exempt from this provision.

or to take any other action relative thereto.

Submitted by Board of Selectmen

ARTICLE 32. To see if the Town will vote to amend the Town by-laws by adding at the end thereof the following new article to be numbered:

ARTICLE 32 USE OF FIREARMS:

1. Except as herein provided, no person shall fire or discharge any firearms, rifles or shotguns of any calibre or gauge anywhere within the limits of the Town, including the Town owned lands, but excluding the State owned lands managed for hunting purposes, unless issued a permit to do so by the Chief of Police or his authorized designees, except when the person is discharging a firearm, rifle or shotgun on his own property. No permit shall be issued allowing the firing or discharging of a firearm, rifle or shotgun within the limits of any private property unless the applicant first obtains the written permission of the property owner or authorized designee.

2. The provisions of this section shall not apply to any law enforcment officer acting in the performance of his duty, nor to the use of a firearm, rifle or shotgun in the lawful defense of life or property, or in any military exercise or at any established firing range of a fish and game or sportsmen's club.

By Petition

ARTICLE 33. To see if the Town will vote to adopt the following Resolution:

The United States and the Soviet Union should immediately and jointly stop the nuclear arms race. EASTON BOARD OF SELECTMEN

OFFICIAL PROCEDURES TO BE USED AT TOWN MEETING

Approved — Town Meeting — May, 1978

1. Main Motions: **Debatable**

When a motion has been made, seconded and stated by the Chair, the assembly is not at liberty to consider any other main motion until this motion has been disposed of.

2. Motions to Amend: **Debatable** **Majority Vote Required**

This motion is to change, add, or omit words in the original main motions.

3. Motion to Amend the Amendment: **Debatable** **Majority Vote Required**

This is a motion to change, add, or omit words in the first amendment.

Method of Vote: The first vote is on changing words of second amendment. If the first vote adopts the change, the second vote is on the first amendment as changed or amended. The third vote is on adopting the main motion as changed or amended.

4. Motion to Commit or Refer: **Debatable, Amendable** **Majority Vote Required**

When a motion becomes involved through amendments or when it is wise to investigate a question more carefully, it may be moved to commit or refer the motion to a committee for further consideration.

5. Motion to Close Debate: **Not Debatable** **2/3 Vote Required**

When debate does not seem to be shedding additional light on a question, you may move to end it by calling the question: "Mr. Moderator, I call the question." You must be recognized by the Chair before making this motion. As soon as this Motion is made, debate ceases and a vote on closing debate is taken. If a motion is carried, a vote is immediately taken on the question under consideration.

6. Motion to Reconsider: **Debatable** **Majority Vote Required**

This motion must be made the same day, as the original motion was carried or defeated "A vote can be reconsidered only once".

7. Motion to Adjourn: **Debatable** **Majority**

This motion is always in order except (a) when a speaker has the floor, (b) when a vote is being taken, (c) after it has just been voted down or(d) when the assembly is in the middle of some business which cannot be abruptly stopped. A definite time and place must be set.

MISCELLANEOUS MOTIONS

These motions (or questions) are not necessarily related to the Main Motion and do not fall within the order of precedence. They may be made as appropriate or necessary.

1. Question of Privilege:

A motion unrelated to the business taking place, e.g. "Question of privilege, please! It is too noisy. I request that the Chair ask that all talking be stopped."

2. Point of Information:

Motion used to ask a question or obtain clarification of facts pertaining to the motion at hand. "Point of information, please! What would be the cost to repair this piece of machinery rather than replace it?" There is no vote or debate. The Chair provides the information sought.

3. Point of Order:

This motion is always in order but can be used only to present an objection to some method of parliamentary procedure. "Mr. Moderator, I rise to a point of order!" Then the objection is stated. There is no vote or debate and the Chair immediately rules on the point of order.

4. Point of No Quorum:

This motion requires no second and is not debatable. No other motion may be applied to it. It may not be used to interrupt a speaker. When the point is properly raised, the Moderator must then ascertain whether or not a quorum exists.
